NORTHERN FIELD SEED CO.
WINONA, MINNESOTA

Mar 1 1939

MARKET GARDENERS' WHOLESALE PRICE LIST
(Prices subject to change without notice.)

U. S. Department of Agriculture

A good garden deserves good seed, care and attention. Besides the garden seeds listed below we carry a complete line of flower seeds, herbs, fertilizers and insecticides. It is wise to treat seed for control of disease and fungus before sowing.

BEANS

	10 lbs.	25 lbs.	100 lbs.

BRUSSELS SPROUTS - - - - -	1.80

"WAR"

Since the whole world is talking about war, it might as well be useful instead of destructive to man.

We want a war against plant pests. Now is the time to prepare for the war by giving your sprayers and dusters a thorough going over. Repair them now so they will be ready to use when you need them. Then decide upon what insecticides or fungicides you will need. Get a supply of your required insecticides or fungicides so you will have them when they are needed.

Killing the first insects which appear is very important since they are the ones which lived over winter and will lay the eggs for the propagation of the rest of the insect attacks during the summer.

See us for your insecticide requirements.
